

## Ministerial License Checklist

### Indiana Meet Applicants Twice A Year (January & July)

Thanks for your interest in moving into or deepening your commitment to ministry with the Indiana District of the United Pentecostal Church. We are in revival and interested in growing deeper and broader through Christ and your commitment moves us in that direction.

#### Learning

We believe ministry is a commitment to life long learning and growth. We are working towards providing materials and meetings that will enhance your ministry. We ask you to commit to the process of growth necessary to become the leader God intends for you to be. David took 20 years of testing and trials before he became King, but he showed a kings heart and spirit throughout that process.

#### Relationships

Ministry is also about relationships. Relationships with members of a congregation, relationships with the community, relationships with your peers in ministry, and relationships with those in authority above you, especially your relationship with Christ. Relationships take time to grow and develop and are often fraught with complications. Commit to the time and work necessary to see your ministerial relationships grow and produce fruit.

#### Teamwork

The Indiana District is a varied group of men, committed to a singular vision. It is a vision of Biblical unity and salvation through adherence to the original gospel message preached by Christ's disciples. We are better tied together than any of us can be alone. With your application, the members of the District Board pray that you will be committed to the teamwork and unity Jesus prayed for in order for us to having revival through our world.

In His Service,

The Members Of The Indiana District Board
